

BEATBOX

Beatboxing is the art of vocal percussion.

Although the term *beatboxing* derived from hip-hop culture, it is not limited to hip hop music. It is primarily concerned with the art of producing drum beats, rhythm, and musical sounds using one's mouth, lips, tongue, voice, and more.

The simplest beatboxing pattern is as follows.

♩ = 70

How to Beatbox

Beatboxing is not that different from normal human speech. You only have to start developing a rhythmical feeling and you have to stress the pronunciation of certain letters and vowels until you can talk in the beatbox language .
